

The cost of private education is going up again. We need your help to offset the expenses of each school year. Your gift will go a long way in continuing a long and faithful tradition of quality education of our youth.

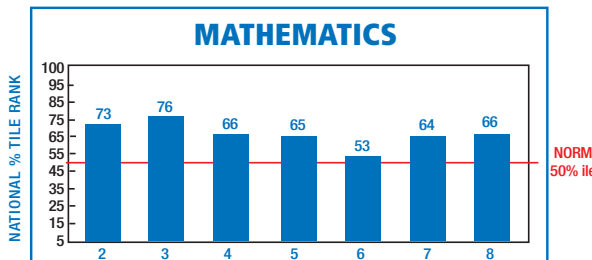

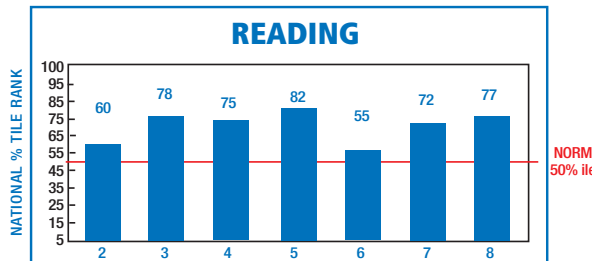

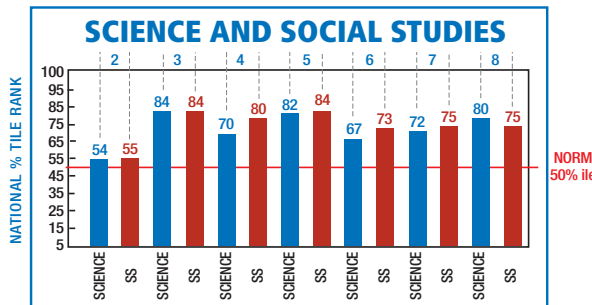

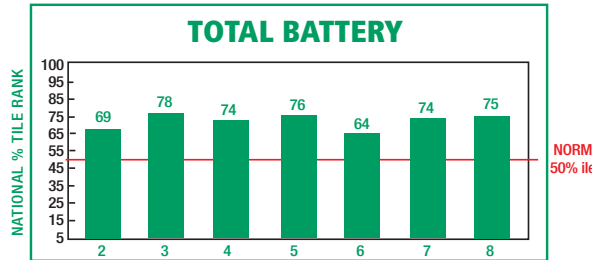

Your gift to our **EDUCATION EXCELLENCE ENDOWMENT** will help us to maintain the high level of applied education programs that carry our students along through life bringing solid values, faith and better understanding of life issues. We offer unique and excellent programs to accomplish this mission. We have three separate but solid program areas that need to be funded each year. First is the **ANGEL FUND** to provide tuition assistance; second is the **BUILDING FUND** to enhance and improve our campus area; and third is an **INSTRUCTIONAL ENRICHMENT FUND** to provide professional development opportunities for teachers such as technology training, and to provide opportunities to enrich the curriculum, for example through the addition of library materials, technology, bringing in outside speakers and programs, educational field trips, etc.

Please take a moment to fill out the form on the reverse side. Place the form with your check in a envelope & mail it to:
Word of God Catholic School
7436 McClure Ave.

Did you know this about Word of God Catholic School...

The charts below illustrate the achievements of the students in comparison with other students nationally who are administered the **Terra Nova** standardized tests. Our students scored above the **National** averages in both **Reading** and **Mathematics**.

You Had A Great Beginning At St. Anselm/Word of God. Now is the time to help us.

Your contribution will help carry on the tradition of Catholic Education in America. For this we thank you.

A few of many tributes to the quality and high standards of Word of God Catholic school.

"I often reflect on the good fortunes I had growing up in Pittsburgh that allowed me to excel at the University of Pittsburgh, to attend Harvard Law School, to serve as Mayor of my hometown (Forest Hills) and to teach on the Law faculty at Duquesne University. I trace much of that success to my parents, who taught me to appreciate the value of education. I trace it in equal measure to St. Anselm's School, now Word of God, that taught me to appreciate the value for fellow human beings of a wide variety of occupations, religions, nationalities, and income levels."

– Ken Gormley

Professor, Duquesne University School of Law and member of the Board of Governors of the Allegheny County Bar Association

"The challenges of being a parent are tremendous. Word of God School played a significant role in helping us with these challenges. A love of God, academic excellence and a profound dedication to community and others were each nurtured at this wonderful school. We will be forever indebted to the caring and exemplary staff at Word of God School."

– Olive and John Magnotta

"The priests, sisters, and the teachers at Word of God School have a closer, more individual, one-on-one relationship with the students. I think this is the reason we love, respect, and care so much for each other. We learn from them the right way to treat people."

– Kelsey Clougherty

Word of God Catholic School 2005

"Catholic education is not just about reading, writing and arithmetic...it is a way of life. It's about developing a character and attitude fostered by faith that will stick with us forever."

– Caitlin Harding

Word of God Catholic School 2001

Give us a call or visit our web site for more information on our endowment funds and again we thank you for your support.

ANGEL FUND – Money designated to this fund will be used to provide tuition assistance to families whose need for financial aid has not been met by other sources. It will allow students to enroll who might otherwise be unable to afford the quality Catholic education that we offer.

BUILDING FUND – Costs for the maintenance and improvement of our physical plant continue to rise. This fund will provide the resources to ensure that our buildings and grounds are updated and in optimal condition for the successful daily operation of Word of God Catholic School.

INSTRUCTIONAL ENRICHMENT FUND – Faculty and staff development, technology and curriculum development, and enrichment opportunities for all students are the goals of this fund. Training for teachers in advances in education and technology is essential to the future of our school. The financial ability to bring outside speakers and programs into our classrooms is an invaluable enhancement of our curriculum.
